Cheering News Helative to the Nashville Railroad.

We are delighted to learn that the Louisville and Nashville Railroad has disposed of bonds to the amount of \$300,000 to our own citizens. Ten subscribers invested ten thousand dollars each. Such a spirit of liberality and enterprise as has been manifested in this matter deserves the highest commer dation. It insures the completion of our great railway project and places our bonds beyond the dangerous and mercenary influence of New York capitalists. We can now stand by aud see Wall street and its money changers collapse with perfect indifference. So long as our citizens manifest the public sprit they have lately exhibited in relation to every thing connected with home interests, we need not look abroad for assistance. Our projects of improvement can all be thoroughly consummated at home. We have the capital, and we rejoice that a willingness is at last being shown to invest it in enterprise that will redound to the glory and prosperity of Louisville .- Lou. Jour.

In the course of debate in the British House of Commons, on Indian affairs, Lord Palmerston in regard to several arguments that had been brought forward to show the expediency of despatching reinforcements to India, in some of the screw steamer- of war now lying idle, expressed his total dis sent. "He reminded the House that other powers, taking advantage of Great Britain's difficulties, might select this moment to put forth offensive demands, and that, with her army reduced to its present point, it is to ber ficet she must look for her chief protection." What troubles are anticipated? Is it from France or Russia that the blow is to come?
